

# Jill's Blankets

## No-Sew Polar Fleece Blanket Instructions

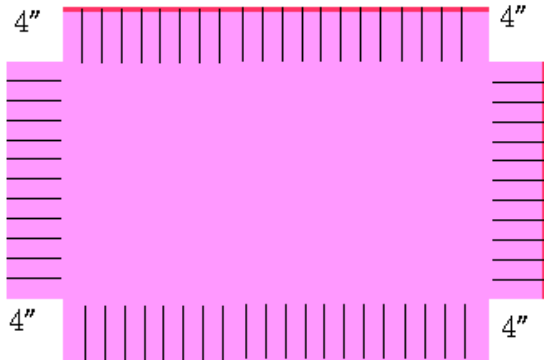

**Size:** 58" x 54"

**Fabric:** Anti-pill polar fleece (recommended), 1 ½ yards print fabric + 1 ½ yards coordinating solid fabric. Get creative and pair fabrics together that you like!

**Supplies:** Polar fleece, scissors, Jill's Blankets labels, purple thread + needle

**Instructions:** See below for easy how-to instructions.

1. Stretch selvage to find the right and wrong side of the polar fleece. The selvage will curl UP to the RIGHT side of the fabric.
2. Lay main fabric on top of contrast fabric (wrong sides together) and trim off any ends so both layers are exactly the same length on all four sides.
3. Cut a 4-inch square from each of the four corners.

4. Cut 4-inch length fringe every inch or so along all four sides.
5. Tie both layers of fringe together in a square knot (right over left, left over right) around all four sides of blanket. Don't tie knots too tight.
6. Hand sew a Jill's Blankets label on the inside corner of the solid fabric side with purple thread.

7. Fold blanket and put a purple card in each one as you roll the blanket up. Use the selvage to tie up the blanket.
